

SPG CLARITY. YOUR WINDOW INTO MANAGED RECEIVABLES.

At Silent Partners Group, transparency and honesty define our approach to managed receivables. That is why we have developed SPG Clarity, an online tracking system that gives you the power to monitor and manage your AR anytime, anywhere. We have found that continuous, two-way communication between SPG and our clients is critical in ensuring comfort and confidence in your AR progress. Additionally, this system is personalized to each business's needs and interests, and is flexible enough to grow and change as fast as your company does.

SPG Clarity is a web-based system with a user friendly interface, allowing you to view your account 24-7. With ease and efficiency each client is guaranteed full view of all invoicing, collections, debt analysis and strategic reporting. Silent Partners Group is confident that SPG Clarity offers clients an unparalleled advantage in managed receivables.

Two-way Communication System

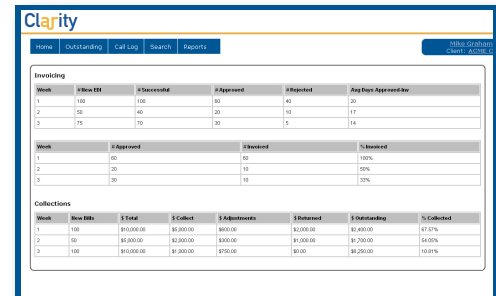

Silent Partners Group upholds the importance of clear, open communication with our clients. SPG Clarity makes this two-way communication possible by offering a simple, effective way to send and receive messages regarding account information without the burden of email. Good communication enables us to gain a better understanding of your needs and goals so that we can build a stronger business relationship.

Full, Real-time Invoice and Collections Reports

SPG Clarity provides detailed spreadsheets and real-time updates to ensure your awareness and comfort in managed receivables. Invoice and Collections reports offer the information you need to track and monitor the progress of your AR.

Forecasting Tools

There will be no surprises with your money when it comes to Silent Partners Group. That is why SPG Clarity includes a system of forecasting capabilities to detect industry trends before they become an issue for your company. These forecasting tools give our clients the valid statistics and information they need to ensure the longevity of their business.

Invoicing

Week	# New Bills	# Successful	# Approved	# Pending	App Pkgs Approved
1	100	100	80	40	20
